FOR IMMEDIATE RELEASE

A New Chapter Begins: An International Collaboration for Young Creatives

iNdlunkulu Foundation is proud to announce an exciting international collaboration with **Artists of Tomorrow**, a USA based, youth-led global initiative committed to nurturing creativity and artistic expression among young people around the world.

Together, we will present an international creative competition that will bring together emerging talent from **South Africa, Thailand, South Korea**, and the wider Artists of Tomorrow network. This partnership reflects our shared belief that art has the power to connect cultures, amplify young voices, and inspire meaningful dialogue across borders.

The competition will feature three creative categories:

-  Art Drawing
-  Short Story
-  Poetry

Participants will have the opportunity to compete for a range of exciting prizes, including **cash awards** and other forms of recognition that celebrate excellence in creativity and storytelling.

We are honoured to partner with an organisation whose passion for empowering young artists aligns so closely with our own vision and mission.

More details about the competition, including eligibility, themes, submission dates, and prizes, will be announced by end of day today.

Here's to a partnership that crosses borders and celebrates the limitless power of creativity.

Ends.
